Summary

I am an enthusiastic Frontend Developer with one year of hands-on experience in building responsive and visually appealing web applications. I am proficient in HTML, CSS, and JavaScript, with a foundational understanding of modern frameworks such as React. Passionate about enhancing user experiences, I am highly motivated to learn and adapt to new technologies. I possess strong communication skills and excel as a team player, quickly grasping new concepts and collaborating effectively in a team environment. With a solid problem-solving ability, I can manage crises efficiently. I am committed to continuous growth and development in the field of Frontend development.

Technologies & Skills

- Frontend Technologies: Next.js, React, HTML, CSS, JavaScript
- Frameworks & Libraries: Tailwind CSS, Bootstrap, Redux
